# SAC Consulting Association of Potato Producers

For over 25 years, SACAPP has been the trusted partner for potato producers, agronomists, and industry providers across Scotland and beyond.

As a member of SACAPP, you'll gain exclusive access to the expertise and support of the SAC Consulting potatoes team.

Our team, known for its independent, research-driven consultancy, offers a wealth of experience and technical knowledge in all areas of potato production. We work at the forefront of applied research, bringing you insights that support success in the potato industry.

## Membership benefits:

### Potato Bulletin

Receive ten issues annually with the latest insights and news.

### Annual Conference

Free access to our annual conference – network with industry experts hear the latest updates from key speakers.

### Research and development updates

Stay informed about innovations shaping potato production with our regular updates.

### Customised advice and consultancy

Access bespoke guidance from our specialist potato team, who have access to our networks of researchers, and other specialist consultants to bring value to you and your business.

### Regional and sector agronomy groups

Engage with tailored groups and take part in farm visits.
